#### 4. Liability insurance

The most important and yet the least expensive insurance coverage you will need in Germany is third-party private liability insurance (Haftpflichtversicherung). Liability insurance covers you, as an insured person, in the event that you cause personal injury to third parties or damage their property. As German law states that the perpetrator is liable for damage caused to others, liability insurance companies first check whether the damage was clearly caused by you. We recommend that our international students sign up for liability insurance during their studies in Germany. Depending on the cover, not only small mishaps but also serious accidents can be covered through liability insurance. We recommend that you only purchase a policy that renews annually.

#### 5. Visa formalities

Non-European Union students (from overseas) require a student visa for entering Germany. Please contact the German Embassy in your home country to find out how to apply for a student visa and have in mind that the university does not have any influence on the visa process. Having entered Germany and having registered your residence with the local town hall, you will be required to apply for your residence permit at the local Foreigners' Office. Residence permits cost approximately €110 - €150.

Students requiring a visa for their stay in Germany should note that a financial statement will need to be provided showing that they have €11,208 on a German bank account (€934 per month for twelve months) to cover their stay in Germany. Please bear in mind that proof of such funds (€11,208) must be provided **every year**.

#### 6. Bank account and cash funds

Please also take into consideration that it can take a few days for a bank account to be opened and before you are able to transfer any money. To be on the safe side, we recommend that you bring some cash with you since credit cards are not accepted everywhere. Please exchange cash at the airport as there is no currency exchange office in Deggendorf.

Dear Vidya,

It is a pleasure to offer you an appointment as a Graduate Teaching Assistant in the Department of Chemistry at Kansas State University, beginning in August, 2021. An accompanying letter from the Graduate School will indicate that you have also been offered admission into the Ph.D. program at Kansas State University.

As a student whose native language is not English, the level and duration of your support as a teaching assistant depends upon your English speaking abilities. Development of good English abilities is important, as you will likely be required to teach chemistry laboratories. It is also important from an academic perspective in that your courses, oral presentations, and thesis work will all be in English.

Our records show that you have met the English language proficiency requirements specified by the Kansas Board of Regents. Students who have met these requirements prior to arriving in Kansas and those who take and pass the K-State SPEAK test upon their arrival in Kansas will receive \$1050.00 bi-weekly for the 9-month academic year ending May 2022. If you continue to be successful in your coursework and teaching, your appointment for the two-month summer session is also guaranteed for your first year. Your research advisor may also provide financial support for the remaining summer month in 2022. The switch from a teaching to a research appointment may be possible once you have selected your research advisor and begun your research. Whether you are appointed on teaching or research assistantship, you will be eligible for support at approximately the same level for up to five full years, provided that you remain a full-time student in good standing in this department and in the Graduate School, your performance as a teaching or research assistant is satisfactory, and funding is available.

Your teaching assignment for the fall semester will involve approximately 10 "contact" hours per week of directing instructional laboratories and assistance in grading paper work related to your course. The assignment to a specific course will be done as soon as school begins. Your teaching responsibilities will allow you ample time to pursue the normal 10 credit hours of coursework and/or research.

Please note that tuition is waived for graduate teaching assistants and that the only academic expenses GTAs must pay each semester are the campus-privilege fee, and other academic fees. In recent years, the total charge has been around \$700. Please plan for the campus privilege fee to increase each year. Also, you will be required to enroll in health insurance. These premiums have been around \$450 in recent years. Once the switch to research support occurs, tuition will normally be covered by funding

provided to the research advisor.

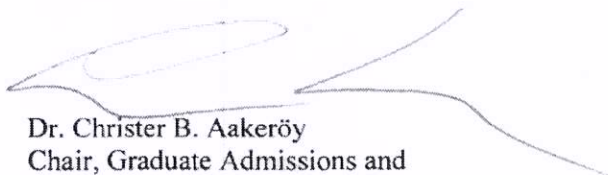

All new graduate students select research advisors and join research groups at the end of their first semester in residence. Prior to making this decision, each student is required to attend all research presentations delivered by the faculty during the semester, or to visit with the individual faculty.

You should plan to arrive in Manhattan, Kansas, USA sometime in mid- to late-July. We will provide more details on the arrival date in a letter sent closer to that time. After your arrival, you will begin a period of new student orientation so that you are properly familiarized with Kansas State University, the Department of Chemistry, and the surrounding area, prior to the start of classes. Please plan to have approximately two months of living expenses available prior to your arrival as there will be a short delay between the start of your appointment and delivery of your first paycheck.

Please view our departmental web site at <http://www.ksu.edu/chem/> for a pictorial tour of the department and for any general questions, you might have. Please contact Ms. Kim Ross by email at [kross73@ksu.edu](mailto:kross73@ksu.edu) or by FAX at 785-532-6666 for more specific questions.

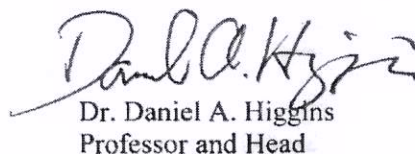

We feel that you will be successful as a graduate student at Kansas State and will find your time here enjoyable and productive. I hope that you will accept our offer and look forward to hearing your response. Please inform us of your decision by no later than April 15, 2021.

Yours truly,

All requirements for the Ph.D. degree must be completed within 7 years from the first term of enrollment in the Ph.D. degree program, excluding periods of approved leave and military service.

You will receive an email from the graduate registrar regarding your admission to the graduate program at William & Mary. Your admission is based on the condition that you provide either the Office of Graduate Studies, or the office of the graduate program into which you are being admitted, all final official degree transcript(s) or Marks statement and degree/graduation certificate, each in a sealed envelope from the institution granting the degree, confirming the conferral of your Bachelor's/Master's degree. In addition, official transcript(s) also must be submitted for course work done at other institutions where you did not complete the requirements for a degree. Alternatively, the Office of Graduate Studies will accept electronic transcripts from U.S. institutions, which must be submitted directly to the Office of Graduate Studies ([dean-gsr@wm.edu](mailto:dean-gsr@wm.edu)) via the institution's electronic vendor and using secure portals to be considered official. A transcript sent electronically by you or through open email or portals, or sent from an international institution will not be accepted as official. William & Mary reserves the right to assess whether transcripts received electronically will be considered official.

If you are an international student in need of an F-1 or J-1 student visa, the Reves Center at W&M will issue the required I-20 (for F-1 visa) or DS-2019 (for J-1 visa) form. International students enrolled at universities in the U.S. must abide by the immigration regulations that govern their status. Among these regulations are requirements that students remain enrolled full-time throughout their program of study. At the International Student Orientation, the Reves Center will brief you on the federal regulations that govern your legal status in the U.S.

Full-time enrollment for Arts and Sciences graduate students is defined as a minimum of nine (9) credit hours in each fall and spring semesters. Individual programs may have higher full-time enrollment minima. (See the Graduate Arts & Sciences catalog for more information on program requirements.) Summer enrollment for non-immigrant students is only mandatory for those students whose programs require they arrive more than 30 days prior to the start of their fall admittance date.

Please also be aware, under §23.1-407 of the Code of Virginia, and the regulations thereunder, every institution of higher education located in Virginia is required to provide to the State Police certain data regarding students admitted to their institution, including name, date of birth, and expected date of attendance. Dear Monica Rajguru (Application No: 231PP100445),

Congratulations on your selection to Ph.D programme in the discipline of Humanities and Social Science-HSS at IIT Gandhinagar! Your tentative supervisor is Prof. Jooyoung Kim. You may contact your supervisor via email at jooyoung.kim@iitgn.ac.in to get more information about your proposed research work. You are about to join a dynamic institution that is committed to innovation and excellence in education. We take tremendous pride in our novel approach to academics and our futuristic outlook, and look forward to having you join us soon in this exciting endeavour. Our vision and mission statements are enclosed.

The general terms and conditions of your admission are also enclosed (Enclosure 1), along with details on fee payment (Enclosure 2). Kindly note the deadline for fee payment carefully. You will receive Institute fellowship as per norms.

As an institution, we are committed to adopting the best standards and practices in education. We therefore take an uncompromising position on ethical conduct and human values. We believe in equal opportunities for all and are committed to a policy of non-discrimination against any individual based on his/her ethnicity, caste, religion, gender or socio-economic status. We also have a "zero tolerance" policy towards ragging, harassment and bullying of any sort (Enclosure 3). You are also required to submit a signed statement on good conduct and academic honesty (Enclosure 4).

Students will be provided with hostel accommodation and access to other facilities of the Institute on their arrival (Enclosure 5). Hostel rooms may have to be shared with other students. The Institute can currently accommodate only very limited guests of the students inside the campus. Students are not permitted to accommodate guests in their rooms. All guests are expected to make their own arrangements for guest accommodation outside the campus.

IIT Gandhinagar is a modern campus with a number of facilities available for our students. The list of campus facilities is available at <https://campus.iitgn.ac.in/facility/>. We are also a green campus, and all members of the community are encouraged to adopt sustainable use of all resources. In particular, we strongly encourage walking and bicycle use, and use of personal motor vehicles by the students inside the campus is not permitted.

You are required to arrive at the Institute campus by 5 PM on 16 July 2023. The joining and registration procedures have to be completed on 17 July 2023. You are required to attend the orientation programme, "Aarohan" details of which will be shared in due course. If you are unable to register on 17 July 2023, we will presume that you are not interested in admission to IIT Gandhinagar. At present there is no requirement of quarantine but you must be fully vaccinated before you arrive on campus. However, if the Institute quarantine norms changes in view of the evolving pandemic situation, a revised schedule of arrival on campus will be intimated in due time.

Please do not hesitate to contact the Academic Office if there are any questions. We look forward to personally welcoming you at IIT Gandhinagar soon.

With best wishes,
