CRITERION VII - INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 Institutional Values and Social Responsibilities

7.1.1 Measures initiated by the Institution for the promotion of gender equity during the last five years.

Answer :

The Central University of Karnataka is very keen on imparting values, creating awareness about social responsibilities and fulfilling the desires and aspirations of the students and stakeholders without any discrimination. The University admits close to 50% female students across its different disciplines. Thus, the university accords utmost priority for the safety of all the stakeholders, including female staff and students. In this regard, several initiatives have been undertaken by the institution to ensure the gender equality and sensitize all its stakeholders.

Internal Complaint Committee (earlier SPARSH): As per the UGC's directions, the university has constituted Internal Complaint committee in strict compliance with the UGC guidelines. This body has been actively involved in redressing the grievances of women faculty and girl students.

Counselling to the girl students: A well designed system is in place to counsel the girl students on various issues by the qualified and well trained experts.

Equity: The University educates students on the significance of humanitarian principles through the integration of gender equity and social issues within curricula. This is helping in fostering awareness on gender equity, protection against sexual harassment, and the preservation of dignified work environment, social cohesion, and tolerance.

Safety and Health: To have a belligerent eye, university has installed CCTV cameras at key places on the campus, girls hostel, hospital, and guest house for round-the-clock vigilance. Physically safety has been ensured by providing fencing to all the hostels and single entrance. Safety and Security are also ensured by appointing qualified women wardens, female caretakers, scavengers, sweepers and three shift security guards in the girl's hostels. The health centre situated on the campus has a lady physician. Hospital is also provided with a separate medical room. Yoga training classes are conducted to the girl students and women faculties by the trained yoga teacher for the overall physical and mental well-being. Sanitary pad vending machine and burning machine have been installed in every hostel to ensure hygiene.

Recruitment: The university maintains a strict policy to ensure the gender equality in all of its recruitment processes by nominating women representatives in the selection committees.

Admissions: Adequate female representation is provided in the admission committees in all the academic programs by appointing a women representative.

International Woman's Day: The Central University of Karnataka celebrates International Women's Day to ensure the empowerment of women faculties and girl students every year in the month of March.

Awareness program:

Several awareness programs have been conducted on gender sanitation and related issues

Mini symposium: Mini symposium was conducted entitled "Contribution of Women to Science" on the eve of National Science Day on 28th Feb. 2020 to promote and encourage the scientific temper among the women faculty and students.

5) TEACHER'S DAY CELEBRATION

DATE: 05th sept 2018

VENUE: Seminar Hall, School of Engineering, CUK

NO: OF PARTICIPANTS: 100+

BRIEF: The day we pay tribute to the people who play a major role in shaping us and how we turn out to be. The teachers day was celebrated with grandeur this year, the event co-organized by IEEE consisted of many events and games and the teachers thoroughly enjoyed them, it was a real bonding experience where the teachers shared their experiences with us students and sang and danced, the students were dressed in ethnic wear and the celebrations lasted for the entire day where everyone went back with lifted spirits and a smile

7) ENGINEER'S DAY CELEBRATION:

DATE: 17th Sept 2018

VENUE: Seminar Hall, School of Engineering, CUK.

BRIEF: The birthday of the engineering maestro who had designed India, Sir Mokshagundam Vishweshvaraya was celebrated with full-fledged coordination, enthusiasm and effort, never before had been the celebrations been so alive and coordinated within the university, this is the moment where we had realized that the student branch we have started with just 17(now at 61) will yield great fruition in the end. The celebrations went on for a week, the activities involved fostered people from even disciplines other than engineering , the event was embraced with positive comments because of the simple fact that this event was not rushed into just one day in regards to 15th September, but took time to be devised properly and bleed into various facets of engineering involving design thinking, problem-solving, solving creative problems and moreover becoming extremely concentrated and involved.
